DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 20 and 25 are rejected under 35 U.S.C. 102(b) as being anticipated by Mori (5390485).

Mori teaches a spinning arrangement comprising a drafting unit (120-124) capable of being shut down during a spinning interruption, an airjet unit have a fiber feed channel (113), a thread withdrawal channel (107), and a vacuum chamber (109) which is part of a deflecting device and connectable to the drafting unit via a connecting channel which may be a separate bypass channel (126).

Allowable Subject Matter

3. Claims 13-19 are allowed.

Reasons for Allowance

4. Claims 21-24 and 26-33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 13-19 are found to contain allowable subject matter because the prior art of record neither teaches nor reasonably suggests the recitations found therein, including the specific method of temporarily suctioning off an inhomogeneous fiber stream.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sakai et al (4517794), Schweier (200602366730, and Yamamoto et al (20060096271) all teach what is well known in the art.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shaun R. Hurley whose telephone number is (571) 272-4986. The examiner can normally be reached on Mon - Fri, 8:00 am - 4:00 pm.
